We've already been having the best time.

A few new faces have joined our team, too - we'd love to introduce you!

## OUR TEAM

**Paul Kidwell** is the Community Relations Director  
at Traditions at North Bend.

Paul was born and raised in Cincinnati and is certified in the Cognitive Therapeutics Method, a type of physical therapy for the brain of individuals with dementia. Paul has a diverse healthcare background, with experience in a variety of roles within skilled home care and senior living communities.

"I saw the need for passionate, caring people in this field when my grandmother was in the end stage of her life. There were a few people who really made her transitions easier for everyone, and I really wanted to be that help for others. I take great pride in being part of the solution for whatever challenge we're confronting. I want residents to be happy in their new homes!" Paul and his husband, Ricky were married this January and adopted their daughter, Rylee in March. They purchased their first home shortly after and care for Paul's father who has Parkinson's, as well as their two dogs, Polo and Zues.
